

MATRIX FOR CUTTING MATERIALS

We have classified cutting materials based on our many years of experience gained on-site from customers as well as in countless in-house cutting tests. Such classification is however only a guide.

Therefore, please check every time whether the recommended safety knife is suitable for your specific cutting needs and conditions. MARTOR will of course be happy to assist you in this.

				Cardboard: 1-ply	Cardboard: 2-ply	Cardboard: 3-ply	Cardboard: 4-ply	Bagged goods	Wrapping, stretch, and shrink foil	Slabbing material off a roll	Tape	Plastic strapping band	Yarn, cord	Foam, polystyrene	Layers of foil or paper	Textile material	Coated film	Laminated film	Carpet	Safety belt	Leather	Rubber	Envelope	Fleece	Felt	PVC	Self-adhesive label
